

Subject: Assignment 3 data

Date: Thursday, 5 December 2019 at 14:21:05 Greenwich Mean Time

From: b.devereux@qub.ac.uk <b.devereux@qub.ac.uk>

To: Dewei Liu <dliu08@qub.ac.uk>

Dear Dewei,

For Assignment 3, you will need to obtain data files which are unique to you.

Your data files can be downloaded from

<http://bdevereux.sites.eeecs.qub.ac.uk/CSC3060/Assignment3/allthedoodles/DBjOOzQSuXcfllyy.zip>

You should not share your data files with anyone. Further details can be found in the Assignment 3 specification document. Note that, for time complexity reasons, the "number of eyes" and "hollowness" features are not calculated in the supplied feature files; you do not need to consider these features in Parts 2 and 3 of the assignment.

Please also note my previous announcement on Canvas about the class test: it has been moved to Fri 13 Dec.

Best wishes,

Barry.
